Professional Qualifications:

- BEc, University of Adelaide
- Llb, University of Adelaide
- GDLP, University of South Australia
- Master of Finance, London

Mark Balnaves has more than 20 years of director, advisory and property experience.

Director Experience

Mark has significant director experience, including as director of Celsus (the developer of the new Royal Adelaide Hospital), 12 years as chairman of the award winning National Wine Centre of Australia and 14 years as chairman of medical products company Austofix Group Limited.

Mark also acts as independent advisory board chairman of a number of private businesses.

Mark is chairman of the Medical Device Alliance for the State Government of South Australia.

Advisory Experience

Mark has advised a wide range of private, listed and institutional clients across Australia including:

- Cavendish Superannuation on their sale to ASX listed financial services leader AMP;
- Bendzulla on their sale to ASX listed Challenger; and
- Various professional service firms on both the buy and sell side.

Mark played a major role in the successful resolution of the commercial disputes in relation to the new Royal Adelaide Hospital, acting for developer Celsus.

Property Experience

Mark has significant property advisory experience for owners of private and institutional property portfolios.

Projects include commercial/retail premises, health precincts, research facilities and student accommodation.
